Lulavim & Esrogim

We are once again offering for sale Lulav and Esrog sets (and Aravos bundles for Hoshana Rabbah by our Youth Department). Purchasing these items through the shul is a convenience for you and helps support our shul.

In the past the Lulavim have been imported from Egypt. There have been complaints about poor quality and there were issues due to the political situation. To avoid these problems, this year all will be beautiful Mehudar high quality Deri Lulavim from Jewish farms in Israel with Badatz hashgacha on every Lulav. Due to the increased cost, the price this year must be slightly higher than last year. However our price, including deluxe quality Esrogim, is comparable to what retail stores charge for these same Lulavim alone without the Esrog.

In order to know how many sets to reserve please submit your order by **Friday, August 30, 2013. All orders must be paid for in advance.**

The prices this year are as follows:

- ◆ Lulav/Esrog sets: **\$45.00 per set.**
- ◆ Extra Aravos may be purchased at the shul for \$2 per package.
- ◆ Non-pittom Esrogim may be ordered upon request. Please write this on the order.

Distribution of the Lulavim and Esrogim at the shul is scheduled for **Monday evening September 16, 2013 after Maariv.** The time may be later updated. The aravos bundles will be available on Hoshana Rabbah.

Parsha Of The Week

“See,” says Moses to the people of Israel, “I place before you today a blessing and a curse”—the blessing that will come when they fulfill G-d’s commandments, and the curse if they abandon them. These should be proclaimed on Mount Gerizim and Mount Ebal when the people cross over into the Holy Land.

A Temple should be established in “the place that G-d will choose to make dwell His name there,” where the people should bring their sacrifices to Him; it is forbidden to make offerings to G-d in any other place. It is permitted to slaughter animals elsewhere, not as a sacrifice but to eat their meat; the blood (which in the Temple is poured upon the altar), however, may not be eaten.

A false prophet, or one who entices others to worship idols, should be put to death; an idolatrous city must be destroyed. The identifying signs for kosher animals and fish, and the list of non-kosher birds (first given in Leviticus 11), are repeated.

A tenth of all produce is to be eaten in Jerusalem, or else exchanged for money with which food is purchased and eaten there. On certain years this tithing is given to the poor instead. Firstborn cattle and sheep are to be offered in the Temple, and their meat eaten by the *kohanim* (priests).

The mitzvah of charity obligates a Jew to aid a needy fellow with a gift or loan. On the Sabbatical year (occurring every seventh year), all loans are to be forgiven. All indentured servants are to be set free after six years of service.

Our Parshah concludes with the laws of the three pilgrimage festivals—Passover, Shavuot and Sukkot—when all should go to “see and be seen” before G-d in the Holy Temple.

Young Israel national Council Go Green Campaign

Young Israel Launches "Project Go Green" To Help Israeli Soldiers

The National Council of Young Israel has launched Project Go Green to help Israeli combat soldiers get the special tzitzit they require. NCYI joined forces with American Friends of the IDF Rabbinate to promote a special tzitzit shirt made from a new fabric (Dri Fit) that resists perspiration and is able to withstand the rigors of the field. The tzitzit garment (beged) worn by combat soldiers in the Israeli army must be olive green to match their uniform camouflage in the field. The standard-issue green tzitzit is made of thin cotton that does not last long under the extreme rigors of long weeks of field training

and combat.

The Young Israel's new initiative enables people to provide these tzitzit to Israeli combat soldiers. A donation of \$25 for 1, or \$36 for 2, will help NCYI and American Friends of the IDF Rabbinate reach their goal of supplying 10,000 sets of tzitzit to Israeli soldiers by Rosh Hashanah.

Project Go Green is a unique opportunity to add a layer of protection to our beloved chayalim, while at the same time helping them fulfill a mitzvah as they are defending their country.

The tzitzit can be purchased at www.youngisrael.org/operationgogreen. **American Express, MasterCard, and Visa are all accepted.** Additional opportunities to purchase larger quantities are also available to help meet the goal. Please call 212-929-1525, ext. 100, and ask for Project Go Green, or e-mail gogreen@youngisrael.org.

In light of the current debate regarding the Israeli army service of Orthodox Jews, it is important to recognize that the army is extremely mindful of the religious needs of its soldiers. For example, if a soldier wants tzitzit, he is provided tzitzit.

The American Friends of the IDF Rabbinate, in collaboration with the National Council of Young Israel, has been working to give the IDF Rabbinate the extra capability to ensure that Israeli soldiers are able to serve their country, while at the same time being able to maintain their religious observance. Among their many areas of activity, in addition to tzitzit, they provide tefillin and tallit, Torah libraries, and, for combat units in the field, a field aron kodesh and a field beit kneset kit. They also build new or refurbish existing base synagogues and underwrite unit Shabbat seminars, on-base and in Jerusalem. Visit www.afidfr.youngisrael.org to learn more.
